Application to join the International Association of Universities of the Third Age

We welcome membership applications from all U3As and from organisations with the same objectives, from federations of U3As, whether at local, regional or national level, and from individuals who wish to involve themselves with international U3A activity. Our main aims and the application process are described below.

The principal objectives of the International Association of Universities of the Third Age are:-

- 🍌 to federate the Universities of the Third Age (U3As) that now exist all over the world and to include other organisations that may have different names but who subscribe to the same objectives.
- 🍌 to constitute, with the support of Universities around the world, an international framework of a lifelong educational nature and this will also be concerned with research by, with and for the older generation.
- 🍌 to develop the exchange of knowledge that the older generation achieves for the benefit of society as a whole through congresses, meetings, workshops, publications and communication through the website and the wider use of the world-wide-web.

The scope of these activities is described in the constitution that is available on our website at <http://www.aiu3a.org/> where information on current and planned activities is also available.

Scale of Membership Fees

The current annual contributions are, for U3As:-

- 0.175€ for each member of the U3A with a minimum of 175€ and a maximum of 1750€
- Federations of U3As - A similar scale but some variations have been agreed
- Individual member - 25€

Application Process

Applications should be sent to the AIUTA Secretariat at the office in Toulouse which will put the application before the Governing Board and liaise with the applicant over the details of the application and the payment of the annual contribution.
